ALCOFIND AF-100S ALCOHOL SCREENER

CODE CA100210

- Fuel cell sensor
- Quick screening alcohol
- Easy passive mode
- Low battery warning
- Rechargeable battery
- Fast test results
- LED readings display
- LED signal lamp
- Calibration reminder
- With many user friendly features, the Alcofind AF-100S is designed for various high volume, rapid testing workplace applications where the alcohol level of employees needs to be controlled with a quick test.
- The Alcofind AF-100S is a professional alcohol breathalyser equipped with a Fuel Cell Sensor which provides great performance with reliability combined with a long stable lifespan.
- Capable of high volume testing, the Alcofind AF-100S is capable of a 1 second response time and a 2 second recovery time from a positive test, therefore its a perfect choice for any workplace applications where fast, rapid testing is required.

MARK X BREATHALYSER

CODE: CA050360
 • MARK X

- The Alcovisor Mark X is one of the newest, cost effective and most innovative fuel cell breathalysers with pinpoint accuracy on the market.
- Used in all industries across the world, from police departments to industrial sites, due to their extreme accuracy and ability to accuracy over several thousand tests (screening mode)

CODE: CA050340
 • PRINTER ONLY
 (connects via USB)

JUPITER X BREATHALYSER

CODE: CA100130 – Jupiter
CODE: CA100150 – Jupiter X

- Android 5.1
- Built-in printer, GPS
- 3G/WIFI
- Photo capture
- Provide evidential records by auto capturing while subject is blowing
- 100 000 tests records stored in memory
- 4.3" Colour touch screen
- Mouthpiece can be automatically ejected
- USP PC connection
- Weight: 433g including battery
- Battery: 7.4V 2,000mAh NI-MH rechargeable battery
- Battery life: 700 tests (250 tests with printout)
- Memory 100 000 tests records including all information
- Display: 4.3" TFT colour touch screen
- Camera: 5 Megapixel 120° wide angle lens
- Response time: 5 seconds

BUILT IN THERMAL PRINTER

ACCESSORIES –MARK X

CODE: CA050540

- Mouth pieces for Mark X (100 per pack)

CODE: CA050520

- Spit cup for Mark X (5 per pack)

CODE: CA050560

- Thermal printer paper (1 per pack)

ACCESSORIES –JUPITER

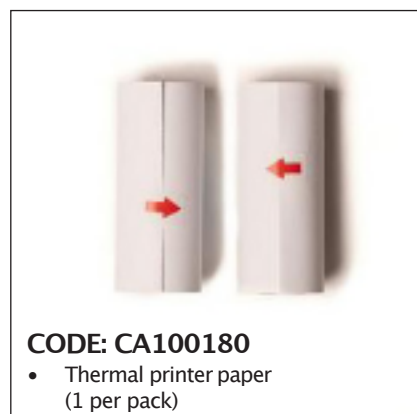

CODE: CA100160

- Mouth pieces for Jupiter (100 per pack)

CODE: CA100170

- Spit cup for Jupiter (1 per pack)

CODE: CA100180

- Thermal printer paper (1 per pack)

ALCOVISOR® PHOEBUS ACCESS CONTROL BREATHALYSER

CODE ALCOVISOR PHOEBUS

- The Alcovisor Phoebus Access Control Breathalyser (ACB) offers an Android based operating system with state of the art features.

Available in 2 models:

- The Alcovisor Phoebus ACB Standard offers Wi-Fi capability for remote software updates. The on-screen display allows playback of safety awareness videos or product presentations.
- The Alcovisor Phoebus ACB Pro offers high-speed facial recognition with a dual camera for identification of employees and NFC card reader support. Wi-Fi and 3G connectivity allows remote software updates for ease of convenience. The Phoebus ACB Pro offers a 2 stage recognition and verification process by ensuring the subject who is initially identified, is the one who performed the alcohol test by performing a pre- and post identification process.

Alcovisor Phoebus communication options:

- Output relay contact for open or close signal upon "Pass" test result,
- RS232 serial communication to transmit an "alcohol test fail" signal, and receiving an input signal upon successful user identification via access controlled application.

GARRETT SUPER SCANNER V®

CODE: DA050020

- Hand held metal detector
- Ultimate sensitivity. Detects medium sized pistol from 9" distance; large knife from 6", razor blades and box cutters from 3" distance, foil-wrapped drugs and tiny jewellery from 1"
- Large 8" (20.3cm) scan surface for quick, thorough scanning
- Sharp audible alarm and bright red LED indicates the detection of metal
- Secure internal sensitivity adjustment
- Weatherproof rubber handle
- Rugged, high impact ABS case with reinforced coil compartment. Exceeds Mil-Std-810G (drop test) Method 516.6, procedure II
- Selectable vibrating alarm
- Momentary push button helps temporarily eliminate detection of nearby ambient metal such as rebar, metal walls.
- Self-calibrating digital microprocessor technology eliminates the need for periodic sensitivity adjustments
- All metal detection - ferrous, non-ferrous and stainless steel weapons, contraband, and other metallic objects

RECHARGEABLE SCANNER

CODE: DA050130

- Dimension: 410(L) x 85(W) x 45(H) mm
- Battery: 9Volt rechargeable
- Alarm indicators: sound (vibration) and light alarm simultaneously
- Comfortable handle making the scanner easy to operate
- Switch between sound alarm and LED indicators making the scanner suitable for different environments
- Rechargeable - 4-6 hours for maximum charge
- Alarm options - sound and LED alarm simultaneously, or vibration and LED alarm simultaneously
- Low sensitivity mode - will only alarm on larger metals
- High sensitivity
- 38-Pistol: 20cm
- Knife: 15cm
- Blades: 10cm
- Applications:
Security detection: Detects contraband items such as a knife gun, etc
Factory: Prevents loss of valued objects

SUPERSEARCH 6000

CODE: DA100150

- The SuperSearch6000 Multi-zonemetal detector was designed as a quality security detector with a pleasing aesthetic appearance and all of the features plus some not found in the up market units available.
- The unit provides up to 15 individual detection zones with a touch screen display that shows the metal location and an audio alarm with zone pitch indication.

PANACHE MULTI-ZONE

CODE: DA100180

- The Panache Multi-Zone incorporates detector coils and infra-red photocells with traffic count making up 12 individual detection zones.
- Using light indication and an audio alarm, the metal's position can be located without looking at the visual signals.
- Hosting a touch screen for controlled functions, this unit is modern and durable, withstanding the test of time.

GARRETT PD 6500i

CODE: DA100020

- Garrett's PD 6500i is an industry leader with superior pinpoint technology and unmatched discrimination features
- This detector has proven its effectiveness as moving high volumes of patrons through such events as the Olympic Games, World Cup 2010 South Africa, and the Pan-American Games in Mexico.
- The PD 6500i has also been trusted to safeguard international airports, hotels, government buildings, and correctional facilities.
- With its advanced networking and ability to pinpoint targets in 33 detection zones, the PD 6500i is the walk-through of choice for security professionals worldwide.

MAGTOUCH BATON WITH POUCH

CODE: BA050060

- Robust, durable and easy to use
- Magtouch batons are made to withstand the harsh African conditions.
- Hermetically sealed and encased with a high quality surgical stainless steel casing, the baton is waterproof and manufactured to withstand all the knocks the guard can put it through
- The high capacity battery has a life time of up to 8 years and can be replaced as part of a standard service.
- The baton also comes with a full 1 year warranty
- The same Magtouch baton is used with all Magtouch Guard Monitoring Systems.
- Weight: 450g
- Dimensions: 3cm x 19cm x 3cm
- Battery voltage: 3.6V
- Memory Capacity: 4000 clockings

MAGTOUCH STARTER KIT

CODE: BA050020

- Included with Starter Kit:
 - Upload station
 - Upload cable
 - Installation disk
 - Magtouch baton
 - Baton pouch
 - 10 x ID points
 - 10 x ID holders

ID POINTS

CODE: BA050160

- ID points are placed along the patrol route at specifically designated points. Additional points can be purchased allowing you to include as many points as necessary to complete your patrol route effectively. It is suggested that you rename the ID point locations to their actual names as this makes the reports easier to read. This is a very simple task that is explained in full in your Starter Kit leaflet.
- Weight: 15g
- Dimensions: 5cm x 5cm x 1cm

UCOMM 3 UPLOAD STATION

CODE: BA050140

- The UCOMM 3 Upload Station connects to your PC via USB and is used to upload patrol data from the baton.
- Each Starter Kit comes with an upload station but is also available as an individual purchase.
